The Pannon-Work Group, Hungary

Pannon-Work Staffing and Labour Solutions

Establishment and ownership

Pannon-Work was established in 1989. The owners and directors have been actively working in the labour and staffing market since then. From the off set, on a high profile, managerial level they have been involved in the recruitment, and selection of staff, simplifying and planning complete labour market projects, therefore with considerable experience and practice Pannon-Work are involved in complex human resource areas. Besides traditional advertising and recruiting methods, there are now companies that provide labour on a hire basis, and recruit staff on a permanent basis to exact requirements. A part of the human resources work is taken away from the companies, which is time and cost effective for them.

The Pannon-Work group provides this service, and its largest company is Pannon-Work Ltd., which has capital of 110.000 EUR, own assets worth 185.000 EUR. And an annual turnover of 18.000.000 EUR.

Location

The head office is located in Győr, in the North West of Hungary, however, with 20 local branches throughout the country and the mutual cooperation of its associates, their services can be taken advantage of anywhere within the country. In addition to this, the company has developed international relationships and is providing labour recruitment to its clients in the neighbouring middle and eastern European countries and also within the E.U.

Income and Statistics

In 2005, the Pannon-Work group's income was 5 million EUR, in 2006 this increased to 10 million and in 2007 reached 13 million. In 2007 the companies group hired employee's adults and students accumulated 3.6 million working hours and the group successfully placed more than 260 staff into permanent positions.

In 2007, the group's clientele figure was over 500 companies, this figure includes small businesses to multinational companies. There are 20.000 registered applicants on the group's database.
